HAL TURNER | NATION | APRIL 26, 2025 | HITS: 2196

Milwaukee Judge Hannah Dugan was arrested yesterday and charged with two (2) federal Felonies for Obstructing Immigration Operations, and Shielding a Wanted person from arrest. She faces six (6) years in prison.

Here is the FBI Affidavit in support of an **Arrest Warrant**:

She is not the only judge arrested this week. Judge Cano, a local judge in New Mexico, also found himself in federal handcuffs for allegedly allowing gang member(s) from the Foreign Terrorist Group Tren de Agua to live with him, and for providing weapons to that gang member so he could practice his shooting skills at a target range:

Hal Turner Editorial Opinion

To my knowledge, both these judges are Democrats. There's a ton of outrage among those folks because "arresting a judge is not normal." Oh really?

The Democrats just spent the last 8+ years weaponizing every lever of government and the private sector, against the leader of their political opposition party: Donald Trump.

They tried to imprison Trump, raided his home with a Search Warrant, indicted him, arrested his Lawyer, pierced the Attorney-Client privilege, arrested his Accountants, and even arrested his personal Valet, tried to bankrupt him, then tried to **KILL HIM** -- TWICE. (Both assassins were Democrat supporters.)

Now they want you to believe that holding corrupt judges accountable for aiding violent criminals and obstructing ICE, is a "threat to democracy?" No.

Unfortunately for the Democrats, their cries will fall on deaf ears. Their complaints hold no weight, because they are the ones who established the precedent and opened Pandora's Box.

I hope they enjoy the whirlwind they have created; in my view, they deserve all of it.
